

# NAIOP

COMMERCIAL REAL ESTATE  
DEVELOPMENT ASSOCIATION

SAN FRANCISCO BAY AREA CHAPTER

## BY THE NUMBERS

The San Francisco Bay Area Chapter was founded in 1977 (originally as the Northern California Chapter) and today serves eight of the nine Bay Area Counties; San Francisco, Alameda, Contra Costa, Marin, Sonoma, Napa, San Mateo and Solano. The Chapter's membership is comprised of the Bay Area's leading owner/developers and a wide variety of service providers.

The San Francisco Bay Area  
Chapter is the 8th largest  
chapter of NAIOP.

Diversity & Inclusion

NAIOP SFBA believes that individuals and businesses achieve the best outcomes in environments that embrace a diversity of backgrounds, experiences and viewpoints. The mission is to provide leadership, infrastructure, and forum to share perspectives and best practices, in order to foster a culture of diversity and inclusion in all aspects of NAIOP SFBA's work

Government Affairs

In 2022 the Government Affairs committee formed two PACs: NAIOP San Francisco Bay Area Issues and the NAIOP San Francisco Bay Area Candidates. These PACs raise funds to support local initiatives that affect CRE in the Bay Area.

Leadership Development

NAIOP created an innovative leadership program called the Young Professionals Group (YPG), a twelve-month, educational forum designed to educate, develop, connect, and elevate newer/younger professionals that are NAIOP members to learn from senior real estate professionals across the disciplines. Now in its 9th year, over 250 participants have graduated to date.

In 2020, NAIOP SFBA launched a next step for mid-career education called the NAIOP Executive Development (NED) Program, a six-month personal and professional development program focused on providing its members the skills they need to take the next steps in their commercial real estate careers. The NED program is now preparing for its third year with the applications launching in early 2023.
