TESTIMONIALS

"NAIOP's YPG Program enabled me to take my career to the next level. The program's focus on leadership skills and professional development gave me the tools and confidence to advance my role within my company. Also, the peer network created by the program is unmatched. I know I'll be working on transactions in my market with fellow YPG Alums for years to come."

- Briana Harney, Incoming 2024 NAIOP SFBA President, Northmarq

"YPG is a unique program that helped me look inward and think about my career and personal endeavors in a new way. Its focus on leadership, relationship building and "soft skills" helped me elevate my career and enhance my personal relationships. I'd recommend the program to anyone [25-35] years old that wants to take their career to the next level and expand their real estate network."

- Colby Wick, 2023 NAIOP SFBA President, Shorenstein Properties
